The amendment received 2 March 2005 has been made of record. Claims 1-6 and 9-20 are pending.

The rejection under 35 USC 102 contained in the previous office action is withdrawn in view of applicants' amendments.

Claim 10 is no longer objected to in view of applicants' amendments.

Claims 9 and 10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

This rejection is maintained. Applicants' limitation to "emulsion" is not seen as distinguishing between monomer and polymer.

Claims 1-6 and 11-20 are allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
